

1. Summary

Section 8 Deconcentration Reports are only available for Section 8 Certificates and Vouchers. These reports provide HUD staff with information about:

- Number of current and new families who move into each area
- Statistics on the poverty levels of each area

The report also shows families that live within Census tracts distributed by poverty rate and information about unit owners. The statistics are based on the 1990 Census, and will be updated when new Census 2000 information becomes available.
